Summary of Institution Mission and Student Achievement

Calbright College is committed to increasing economic mobility and closing equity gaps for working adults who lack easy access to traditional forms of higher education. The College offers online, flexible, affordable, skills-based programs that provide tangible economic value for both working adults and hiring managers.

Calbright College was founded to address gaps in California's higher education system by offering fully online, competency-based programs designed to prepare adult learners for the evolving job market. Our programs are designed to meet the needs of nontraditional learners, particularly underserved populations, while ensuring alignment with workforce demands and industry standards. Calbright measures success through program completions, completion rates, and skills attainment, demonstrating our commitment to meeting student goals and workforce needs.

Calbright supports its diverse student body with personalized academic and career guidance, a device lending program, and wraparound services that promote equity and achievement. These resources reflect our dedication to empowering students to achieve their educational and professional aspirations.

At the close of the 2023-2024 fiscal year, Calbright's enrollment was 4,582 students. This student body reflects the College's mission of enrolling underserved adult learners from across the state:

- 90% are 25+ years old (45% across the CCC system); median age is late 30s.
- Average age of a Calbright graduate at the time they completed their program is 40 years old.
- Nearly 70% of students identify as Black, Indigenous, or people of color.
- More specifically, 31% of students identify as Hispanic, 22% identify as Black (more than triple the CCC rate), and 19% identify as Asian.
- 30% are parents or caregivers (~10% across the CCC system).
- 42% of students are unemployed, 53% work one job, and 6% work two or more jobs.
- 52 of California's 58 counties are represented by the student body, including 34 of the state's 40 rural counties.
